Billings, MT 59101

Dear Becky:

I am writing in support of your Infant Adoption Training program. I have attended the training in the past and the information you presented and the manner in which it was presented would be beneficial to anyone counseling women with an unintended pregnancy. I think there is a real need for education on all aspects of how adoption works today, including open adoption.

We have arranged to have several Infant Adoption Trainings in our State for our Title X Family Planning providers to attend. The feedback from participants has been very positive. As you know, our Title X Clinics counsel women on all their options for managing an unintended pregnancy, and the more information they have on the various options, the better they will be able to counsel. I plan to continue to recommend your training to all counseling staff who have not participated in an Infant Adoption Training.

Sincerely,

Colleen Lindsay
